## PROFILE

I have honed my expertise in programming languages such as HTML, CSS, JavaScript, and PHP, as well as various web development tools and frameworks.

## SKILLS

- Web Design
- Design Thinking
- Wireframe Creation
- Front End Coding
- Problem-Solving
- Computer Literacy
- Project Management Tools
- Python Programming

## PROJECT

### VOICE ASSISTANT

- As a voice assistant, your product is an innovative technology that allows users to interact with their devices using voice commands. Your product has the potential to revolutionize the way people interact with technology, making it more accessible and convenient for users of all ages and abilities.

### ECOMMERCE

- As an ecommerce web platform, your product is designed to provide businesses with a comprehensive and user-friendly solution for selling products and services online. With your ecommerce web platform, businesses can easily create and manage online storefronts, process payments, and track inventory and orders all in one place.

### PORTFOLIO

- As a portfolio product, your product is a digital showcase of an individual's or a company's best work, skills, and accomplishments. Your portfolio product is designed to provide a visually appealing and user-friendly platform for displaying and sharing a wide range of professional and creative work, including artwork, photography, writing, design, and more.
